

MISSION PARK DENTAL

DR. LINDA WONG & DR. BENSON WONG

Botox Cosmetic Post Treatment Instructions

- 1. Try to exercise your treated muscles for 1-2 hours after treatment** (e.g. practice frowning, raising your eyebrows or squinting). This helps to work BOTOX Cosmetic into your muscles. Although this is thought to help, it will NOT impact your treatment negatively if you forget to do this.
- 2. Do NOT rub or massage the treated areas for 2 hours after your treatment. Do NOT do strenuous exercise for 4 hours after treatment. Also avoid facials or saunas for 4 hours after your treatment.** This will minimize the risk of raising your blood pressure and therefore minimize the risk of temporary bruising. Feel free to shower and go about most other regular daily activities.
- 3. Do NOT lie down for 4 hours after treatment.** This is to avoid the risk of pressure on the treated areas (from your pillow) and to avoid the risk of having the area rubbed accidentally.
- 4. Be assured that any tiny bumps or marks will go away within a few hours. If you need to apply make-up within 4 hours after treatment, only use a GENTLE touch** to avoid rubbing the treated area.
- 5. Results of your treatment may take 14 days to take full effect. Please wait until the 14 days has passed before assessing if you are pleased with the result.**
- 6. We recommend seeing you in 2 weeks for a follow up assessment appointment** to see how your facial muscles are reacting to your treatment. For documentation purposes, your results will be photographed.
- 7. BOTOX Cosmetic is a temporary procedure, and you may find that your treatment results will last approximately 3-4 months. If you maintain your treatment appointments with the frequency recommended by Dr. Wong, the duration of each treatment result may last longer than 4 months.**
- 8. Dr. Wong recommends seeing you initially at 3-4 month intervals to maintain the best clinical results. If you allow BOTOX Cosmetics to completely wear off, it is difficult for Dr. Wong to be able to see how your individual muscles reacted and therefore optimal results for your face can be more difficult to achieve.**
- 9. Dr. Wong will need to see you again in 3-4 month. Please book this appointment before you leave our office today.**
- 10. We will contact you to remind you prior to your booked appointment.** If that date/time is not suitable, we will be more than happy to adjust it to fit your schedule. **If you have any questions or concerns please feel free to call us at (250) 868.0030.**
